This form along with any supporting information must be provided to the THPO of the Crow Tribe of Indians for any activities that involve ground-disturbing activities. The Crow THPO is to identify, evaluate and protect cultural, historic and archeological resources by regulating undertakings upon protected lands when they may result in changes in the character or use of such cultural resources. Typically, the applicant will receive a letter or an executed copy of this form documenting the tribe's approval of your application. The applicant must address each comment that is applicable that entity. Use additional pages if necessary. Please allow for two (2) weeks from the date it was received for a response from the THPO Officer.
